From The President's Desk

Dear Members,

Greetings from the Managing Committee,

We have entered the hottest period of the year in this month of April. We should really thank God because we do not cross the 35°C when the other parts of the country and state crossed 40°C and are also likely to touch 45°C. The expectations of rain due to rain diminished day by day according to the Weatherman. All the members/spouses must be having a busy time as the kids are at home and really enjoying with their mischievous deeds.

We are happy to inform that four rain harvesting pits are provided at catchment areas to stop rainwater flowing through the gutter. These four rain harvesting pits sizes are 8' x 8' x 10'. With these rainwater harvesting pits the total no. of big rain water-harvesting pits is six and small circular pits come to 15 nos.

Now coming back to the events at the club we have started the month of April with Telugu New Year "Ugadi" on the 6th April. Club as usual welcomed the new year with ugadi eve on the 5th of April with a spectacular program which was well attended by more than 600 members. Beer N Biryani was conducted on the 7th April the Sunday and around 80 people have attended the Tambola. Sri Rama Navami was conducted on the 14th April and the total program was conducted by Hare Krishna Movement at our cost. More than 300 people have attended and the program was totally devotional and members really went into a devotional trip. Super Gold Tambola was conducted on the 20th of April and it was well attended by more than 375 people.

Lastly I request all the members not to venture into the hot sun, if it is compulsory take good precautions, keep in store all items which can relieve u from sun stroke and drink water on a regular basis.

With warm regards,

K.S.Nagendra Prasad
